

Questionnaire for Solar Pumping System

Date :
 Place of Survey/site :
 Customer name :
 Contact details :

Bore well details

Location of bore well	
Address	
Bore depth	
Static water level	
Mini. Water level	
Water yield	
Bore casing	
Others	
Does Grid Power Exist	Y/N , If Yes – Single Phase/ Three Phase

Application : Agriculture, Drinking Water etc.....

Daily Water Requirement (if any) :.....**LPD**

Whether the pump is installed YES/NO

Pump capacity (HP)	
Phase	Single /Three
Existing Pump Make	
Depth at which pump installed	
Pipe line inch (Inch)	
If water line installed then Pipe length	

Area available for solar power plant (Sq ft / Sq meter).....

Distance between Bore-Well and SPV ModulesMeters
